To: PBL School District Parents, Community Members and Staff

From: Cliff McClure, Superintendent

Subj: Annual Asbestos Management Plan Notice

This is to inform you of the status of the asbestos management plan for the Paxton-Buckley-Loda Community Unit School District #10 Schools. Law requires that all buildings be inspected once every three years by a certified inspector with visual surveillance each six months. The last three-year inspection occurred November 2009, with the last six month surveillance March 2009.

The inspection/management plan is available for public review in the Unit Office at Panther Way, Paxton, Illinois.
